ABOUT ME

Computer Science student specialising in Full Stack Development, AI-integrated applications, and IoT-based systems. Passionate about building scalable, user-focused software solutions with strong interests in intelligent automation, modern web technologies, and real-world problem solving.

EXPERIENCE

Full Stack Development Learner

Self-Initiated Academic & Development Projects 2024 – Present | Guntur

- Developed beginner-level web applications and academic projects using modern programming technologies.
- Learned and practised frontend and backend development concepts including APIs, databases, and responsive UI design.
- Worked on AI and IoT-based project ideas focused on solving real-world problems.
- Explored GitHub, deployment platforms, and collaborative development workflows.
- Continuously improving problem-solving, debugging, and software development skills through practical implementation.

EDUCATION

Bachelor of Technology (B.Tech) – Computer Science & Engineering , KKR & KSR Institute of Technology and Sciences, Guntur 2024 – 2028

Intermediate (MPC) – Class XII , Bhashyam Junior College 2022 – 2024

High School – Class X , Neo Vision English Medium School 2011 – 2022

TECHNICAL SKILLS

Languages: Python · JavaScript

Frontend: HTML5 · CSS3 · React.js

Backend: Node.js

Databases: MongoDB · Firebase

Mobile: Flutter

Tools: Git · GitHub · VS Code

Emerging Tech: IoT · Machine Learning · AI Tools & Automation

Core Skills: Responsive Web Dev · UI Design · API Integration · Problem Solving
